SKILLS

Languages: C++, Python, C, Java, JavaScript
Frameworks: Pandas, NumPy, Scikit-Learn, LangChain
Tools/Platforms: PowerBI, Excel, SQL, MongoDB, ChromaDB, Streamlit
Core Skills: Advance DSA, Competitive Programming
Soft Skills: Problem-Solving, Critical Thinking, Leadership, Adaptability

PROJECTS

RAG Document Retrieval System | View Repo — Jan' 26

- Built a RAG pipeline to query local documents using LangChain and Google Gemini API.
- Integrated ChromaDB for vector-based semantic search.
- Optimized data ingestion via recursive text chunking to maximize LLM context window efficiency.
- Developed a Streamlit interface for real-time, document-grounded question answering.

Tech Used: Python, LangChain, Google Gemini API, ChromaDB, Streamlit

Crime in Los Angeles: Data Analysis | Live Dashboard — Nov' 25

- Analyzed 1.1M+ LAPD records to identify high-impact crime trends and victim vulnerability patterns.
- Executed temporal analysis to uncover seasonal spikes and a "Severity Paradox" in violent offense timing.
- Developed DAX-driven metrics to quantify the "Weekend Index" and compare crime velocity across timeframes.
- Engineered interactive dashboards featuring logarithmic scatter plots for weapon-to-crime correlation.

Tech Used: PowerBI, DAX, Excel

SociaVerse | Live Platform — Mar' 26

- Collaborated in a team to architect and deploy a Next.js and SQL-based social platform for campus engagement.
- Centralized student activities and real-time updates, streamlining event discovery for students.
- Implemented a robust backend structure to handle concurrent user interactions and data persistence.

Tech Used: Next.js, SQL, Node.js, TypeScript, MongoDB

TRAINING

CipherSchools | Link — Jun' 25 - Jul' 25

Learned core Machine Learning fundamentals with a Data Science focus.

- Solved multiple data-driven problems to strengthen analytical skills.
- Applied Machine Learning concepts like regression and classification in exercises.
- Developed a functional ML project using clean coding practices.
- Worked with datasets, algorithms, and models to build predictive programs.

CERTIFICATES

Master Generative AI & Tools | Udemy | Certificate Link — Sept' 25
Coding Ninjas Codekaze | Naukari.com | Rank Certificate — July' 24
CipherThon 2.0: Final Round Participant | CipherSchool | Certificate Link — Feb' 24

ACHIEVEMENTS

Codeforces: Active Participant | Profile Link — Mar' 26
Improved algorithmic thinking via complex problems.
Solved 350+ DSA problems. — Mar' 26

EDUCATION

Lovely Professional University — Phagwara, Punjab
*Bachelor of Technology - Computer Science and Engineering; CGPA: **8.72*** — *Aug' 23 – Present*

City Montessori School — Lucknow, Uttar Pradesh
*Intermediate; Percentage: **97%*** — *Mar' 21 – Mar' 22*

City Montessori School — Lucknow, Uttar Pradesh
*Matriculation; Percentage: **87.83%*** — *Apr' 19 – Mar' 20*
